

Survey Evaluation Questions	Data Source and Collection	Data Analysis
Pedagogy Analysis		
1. How is BYOD impacting learning	Teacher Survey (via survey monkey)	HyperReserach will analyze survey responses coding and categorizing data
2. How is BYOD affecting learning	Teacher Survey (via survey monkey)	HyperReserach will analyze survey responses coding and categorizing data
3. How is BYOD improving education	Teacher Survey (via survey monkey)	HyperReserach will analyze survey responses coding and categorizing data
Student Learning Analysis		
1. How did BYOD motivate critical content learning for students	Teacher Survey (via survey monkey) Student test scores	HyperReserach will analyze survey responses and test scores coding and categorizing data
2. How did BYOD improve student knowledge and skills	Teacher Survey (via survey monkey) Student test scores	HyperReserach will analyze survey responses and test scores coding and categorizing data
3. How did BYOD support student collaboration	Teacher Survey (via survey monkey) Student tests scores	HyperReserach will analyze survey responses and test scores coding and categorizing data
4. How did BYOD create a Personal Learning Environment (PLE)?	Teacher Survey (via survey monkey) Student test scores	HyperReserach will analyze survey responses and test scores coding and categorizing data
5. How did BYOD support individual students needs and allow for differentiation of instruction?	Teacher Survey (via survey monkey) Student test scores	HyperReserach will analyze survey responses and test scores coding and categorizing data
